

The final quarter performance is largely as anticipated, resulting in the highest closure figures of the year. Overall productivity for FOI, DP and self-reported incidents is better than last year (DP closures are up over 10%). Helpline, live chat and written advice services remain busy. In line with the trend throughout 2016/17 intake has been significant and we have not been able to close everything we have received. FOI caseloads have increased by 260 cases and DP caseload is up by just under 1000. Recruitment of both permanent and temporary staff has allowed us to increase headcount in areas that have been under pressure during the year, and we have agreed plans, and funding, for expansion into 2107/18 that should address any shortfall between intake and output.
